

Outcome Action Plan

Article Number: 17 | Rating: Unrated | Last Updated: Sun, Jul 31, 2016 at 9:36 PM

Overview

The Outcome Action Plan describes the details of the supports, activities, and resources required for the client to achieve personal goals. The Outcome Action Plan gets its details from the ISP. Each plan may contain multiple outcomes, or multiple plans may be created.

Applicable Staff

Directors/Supervisors, ID Staff and Nurses may complete the form, all users may view the form.

Usage

The Outcome Action Plan is client and episode based and may be accessed in a client's chart, from the Home View, or following the menu path - Avatar CWS/Mercy Modeled Clinical Forms/Mercy ID Forms/Outcome Action Plan. The form has 2 sections as follows:

Main Section

The Main Section requires the **Review Date**, **ISP Start Date**, **Projected Completion Date** (usually 1 year), and **Assigned Counselor**. Enter any appropriate comments (optional).

Outcomes Section

The Outcomes Section allows entering multiple Outcomes in the main table, along with their Instructional Methods. Select **Add New Item** button to create a new row of data defining an Outcome. Each time a new row is added, all the information entered in the form is added to that outcome. The following types of information can be entered.

- Outcome Action - Describe the required action
- Outcome Phase - Type of requirement, including Laundry, Health, Budgets, Medication, etc. Select the appropriate phase to document.
- Status Date - Date of entry for the current information. Outcomes can be revised, completed, and discontinued and the dates of those actions will be recorded
- Status - New/Revised/Completed/Discontinued. Only New or Revised outcomes will be available in progress notes
- Objective - Describe the objective of current phase being documented. Refer to company guidance about documentation of OAP objectives
- Time/Frequency - When or how often the Outcome will be completed/verified
- Scoring Criteria - Refer to company guidance about documentation of OAP objectives
- Instructional Method
