

Monthly/Quarterly Review

Article Number: 50 | Rating: Unrated | Last Updated: Mon, Aug 8, 2016 at 11:04 AM

Overview

The Monthly/Quarterly Review is used to capture a snapshot of client progress across many areas. Medications/medical information, therapy/behavioral issues, reportable incidents, outcome progress and recommendations, and client comments are collected both monthly and quarterly, as appropriate.

Applicable Staff

Directors/Supervisors, ID Staff, and Nursing may complete the form, all Avatar users can view the form.

Usage

The review is client and episode specific and is reached from the Home View, inside a client's record, or via menu path Avatar CWS/Mercy Modeled Clinical Forms/Mercy ID Forms/Monthly-Quarterly Review 2. Select the client and episode, then choose whether to add a new review, edit or delete a previous review, or cancel the action.

This form can be used to document both Monthly and Quarterly Reviews of client progress in many areas as required. When completing the top portion, select either the **Monthly** or **Quarterly** radio button under **Type of Review**.

The **Review Date** and **Start Date of Review** are required fields and must be completed. Select an appropriate date range for the type of review being captured (monthly or quarterly) and click the **Import Historical Data** button. The system gathers information from Progress Notes written during the

selected time period and distributes it to each field in the form. Additional notes can be added to the historical data to complete the review.

The remaining fields are optional and should be filled out according to need and company policy for required monthly/quarterly review information. The following images show the available fields and any additional Help messages  contained therein.

MONTHLY SUMMARY/MONTHLY REVIEW - MIDS 604 A (December 2010)

Choose Monthly or Quarterly and enter Start and Through Dates to capture the type of review

Collected data above the == current comments / notes below in each field

The Import Historical Data button will collect data from Progress Notes during the selected time period above and enter that data in the following comment fields.

1

2

3

 **1** - Include seizure activity, hospitalizations, incontinence, etc.

 **2** - Include dosage and frequency

 **3** - e.g. family, day program, residential, ISC

Click the blue **Submit** button when complete to enter the form into the record. A printable copy with signature lines will be generated automatically. Print the form and collect all required signatures, then forward to HIM for scanning into the record as per company procedures. HIM Processes

Tips & FAQ

Selections made in error can be cleared by clicking the desired area and pressing the F5 key.

NOTE - Each time the **Import Historical Data** button is clicked, it will delete all data in free text fields to avoid repeating data. This includes all information that was typed in by the person completing the form. Please verify type of review and date range before beginning to enter further data. **ALL INFORMATION WILL BE LOST IF THE BUTTON IS CLICKED AGAIN.**
